Subject: RE: Task List
Attachments: Fed Reg notice_v2.docx

Hello Phil,

I have highlighted additional areas for future changes, updated the address for the R4 Library Services and inserted the proposed email address from Rosemary.

Only one outstanding question on where and to who should public comments should be physically mailed? The document states they should be mailed to "EPA at the above address," but that address is not clear.

Let me know if you have any questions,

JDP

Yes, that would work, but for rulemaking we also use a national data base which you will see I referenced in the draft Fed Reg notice. E docket or something which I think would be better.

Phil

Got the answer. How about 404assumption-FL@epa.gov ? We'll need to put at least two people on as having access to the account, at least initially. So, assuming that will be me and.....any volunteers?

I have the letters to Florida (completeness determination), Corps, FWS, and NMFS done, as well as the tribal consultation letters.

I also asked FDEP for and received their list of interested parties. It contains thousands of email addresses. Thus, I asked our IT folks:

- How to get an email address set up for a particular effort
- How to send email to a list of thousands without it getting treated as spam

Still to do: ask Corps, FWS, NMFS for their lists of known interested parties' contact info.

Subject: Task List

Here is an updated version. I reorganized it to try to make sense of what we need to do.

Rosemary and Matt, I added a letter needed to the decision document bullet. We will need to draft a cover letter at some point.
